CAREER OBJECTIVE

Results-driven AI & DS student with a strong interest in developing intelligent applications and working with data-driven systems. Possessing foundational knowledge in programming. Aiming to secure an internship to apply my abilities in a professional environment and grow into a skilled AI engineer.

WORK EXPERIENCE

Artificial Intelligence (AI) • Internship

IPSR Solutions Limited, Virtual

Jul 2025

EDUCATION

B.Tech, Artificial Intelligence And Data Science

St. Joseph's College Of Engineering And Technology Palai

CGPA: 7.30/10

2023 - 2027

Senior Secondary (XII), Department Of Higher Secondary Education (DHSE) Kerala

Science

Sacred Heart English Medium Higher Secondary School Moolamattom

Percentage: 95.00%

2023

Secondary (X), Department Of Higher Secondary Education (DHSE) Kerala

Sacred Heart English Medium Higher Secondary School Moolamattom

Percentage: 100.00%

2020

TRAININGS / CERTIFICATIONS

What Is Data Science?

Nov 2025 - Dec 2025

IBM (Coursera), Virtual

Python For Data Science, AI & Development

Aug 2025 - Oct 2025

IBM (Coursera), Virtual

Artificial Intelligence Course (30 Hours)

Jun 2025 - Aug 2025

IPSR Solutions Ltd, Virtual

Object Oriented Programming Using Python

Sep 2024 - Nov 2025

infosys, Virtual

Machine Learning With Python

Apr 2024 - Jul 2024

IBM (Coursera), Virtual

PROJECTS

Ai Based Interview Preparation Tool

Jan 2026 - Mar 2026

Developed a tool providing interview questions and answers

Implemented topic-wise categorization and quiz functionality

Designed to improve interview readiness

Smart Rainfall Predicting System

Sep 2025

Developed a model to predict rainfall using historical weather data

Applied basic data analysis and machine learning techniques

Ocean Plastic Monitoring System

Jan 2026 - Present

Currently developing a system to monitor and track plastic waste in ocean environments

Designed to support environmental analysis and pollution control

SKILLS

- Python
- Object Oriented Programming (OOP)
- GitHub
- Natural Language Processing (NLP)
- Supervised Learning
- Pandas
- MATLAB
- Data Science
- Data Structures
- Computer Networks
- LLM evaluation
- Reinforcement Learning
- Seaborn
- Statistics
- Machine Learning
- Algorithms
- Data Analytics
- Unsupervised Learning
- NumPy
- Matplotlib
- APIs

EXTRA CURRICULAR ACTIVITIES

- Volunteer - Code Crafters, ASTHRA 9.0
- Participant - NASA International Space Apps Challenge 2025
- Participant - NASA International Space Apps Challenge 2024
- Participant - AI and Industry (Tathva'23)
- Volunteer - Code Crafters, ASTHRA 9.0
- Participant - NASA International Space Apps Challenge 2025
- Participant - NASA International Space Apps Challenge 2024
- Participant - AI and Industry (Tathva'23)
